**Tip #1: Avoid the tiny circle of
knowledge.**

Tip #2: Don't give that lame "I don't have time" excuse!

Tip #3: Broaden Your World.

TIP #4

- **Managers: Think “Business Project Management”**
- **Programmers: Think “SQL, Java, & HTML”**
- **Operators and System Administrators: Think “Web serving, and networking knowledge”**

**Tip #5: Collect product
information and product
knowledge.**

**Tip #6: Remember, there's
never the “right” time – it's
just now!**
