IBM FORUM

Where people and technology meet

**Explore
IBM Forum
at a crossroad of people,
products and solutions**

IBM offers you a vast network of IBM Forum centers throughout Europe. These centers are direct and personal access points to a constantly updated range of e-solutions and technologies. Discover the latest tools and digital infrastructure in our showcase where you can get hands-on experience on cutting edge e-business solutions from IBM and its Business Partners. Talk to our experts about your company's pressing business issues. IBM has gathered all these services in one highly comfortable setting to save you that most precious of commodities, time.

 Demo Booth
